Summary:

I bring expertise in web design and development since 2022, with a strong emphasis on crafting user-centric, visually appealing websites. Proficient in responsive design, SEO strategies, and optimizing website performance for an exceptional user experience.

Skills:

- Web Design: HTML/HTML5, CSS/CSS3, SASS, Bootstrap, JavaScript, jQuery, JSON, Ajax
- CMS: WordPress/WooCommerce (Basic)
- Programming: PHP (Basic), JavaScript
- Tools: Git, GitHub

Experience:

WebDev Software Solutions, Joypurhat (Web Designer)   Nov 2022 – Present

- Developed websites using HTML, CSS, SCSS, Bootstrap, JS and jQuery.
- Ensuring websites are fully responsive to various screen sizes and devices.
- Implementing media queries and adaptive design techniques.
- Testing and optimizing websites for compatibility across different web browsers (e.g., Chrome, Firefox, Safari).
- Using version control systems like Git and GitHub to track changes
- Proficient in Basic PHP and WordPress.
- Installing and configuring themes and plugins to meet project requirements.
- Working with CMS platforms like WordPress to create and customize website content.
- Tackled over 200 diverse JavaScript challenges, covering topics like loops, arrays, objects, and more. Additionally, I've created several compact JavaScript projects hosted on GitHub.
- Engaged in continuous English communication throughout the duration.

Upwork.com (Web Designer/Developer)   Jan 2023 – Present

- Developed websites using HTML, CSS, SCSS, Bootstrap, JS and jQuery.
- Communicating effectively with clients to understand their requirements and preferences.
- Collaborated on global freelancing projects.

Bdevs, Dhaka (Web Designer Intern)   Aug 2022 – Oct 2022

- Collaborated with developers on code creation.
- Managed meeting notes and disseminated information.
- Gained expertise in Responsive Web Design, SEO, Bootstrap, SCSS.
- Developed websites using HTML, CSS, SCSS, Bootstrap, JS and jQuery.
- Ensuring websites are fully responsive to various screen sizes and devices.
- Implementing media queries and adaptive design techniques.
- Testing and optimizing websites for compatibility across different web browsers (e.g., Chrome, Firefox, Safari).
